**SLU 04P 17 (25)**  
Piezo operated in wall mounted tap, spout 170 mm or 250 mm

## OPERATING THEATER

Louis Pasteur would envy the hygiene standards of our operating and pre-operating halls. Although hygiene in these places we consider for granted, it's not easy to keep this high level. And thus the Sanela products are here to ease this difficult task.

## SHOWERS

Shower or bath provides us so enjoyable feeling of purgation, in health care facilities is it doubly true. So let's offer to our clients the comfort of home bathroom with high standard of hygiene. As a health protection, the Sanela fittings provide Anti Legionella flush system, which minimise the risk of infection with this very dangerous bacteria.
